COMMON QUESTIONS

What happens when you call the Success Coach?

To help you best, we will need to ask you for some details about your situation. We may need to see you in person and will try to be flexible around your work schedule. We will then coordinate services to address your concern and will support you as you work through it.

Will you share my information with my employer?

Not unless you give us consent. In some cases, we may need to verify some basic job information with your employer. This could be wages, date of hire or attendance history. Personal information will be confidential and we will not disclose why you are seeking our assistance.

Employer Resource Network® Success:

“It is amazing that my employer offers this benefit right onsite...they helped my family navigate a difficult time with our teenager.”

“This program saved my job...How would I have gotten to work without a car? I would recommend to anyone to connect with the Success Coach.”
